DETAILED ACTION

Response to Amendment

1. The reply filed on 6/3/04 is not fully responsive to the prior Office Action because: Applicant's response did not address any of the rejections presented in the office actions dated 12/16/03. Instead of addressing the rejections, Applicants cancelled all of the rejected claims (6-8) and withdrawn claims 1-7 and 9-11 and added new claims 12-44 for the purposes of instigating interference proceedings.

Newly submitted claims 12-44 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the arrays recited in new claims 12-44 are not made by the method of claims 6-8 and thus would have been restricted away.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 12-44 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Applicants are required to bring back method claims 6-8 for further prosecution.

2. Since the period for reply set forth in the prior Office action has expired, this application will become abandoned unless applicant corrects the deficiency and obtains an extension of time under 37 CFR 1.136(a).

3. The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. In no case may an applicant reply outside the SIX (6) MONTH statutory period or obtain an extension for more than FIVE (5) MONTHS beyond the date for reply set forth in an Office action. A fully responsive reply must be timely filed to avoid abandonment of this application.
